

2013 Summer Waterfowl Hearings and Public Input Opportunities

In addition to annual decisions such as season dates and daily bag limits, we are proposing increases to the number of lakes available for open water duck hunting for the 2013 season and changes to the Horicon Canada goose zone for the 2014 season. These proposals will be presented and comments taken during these hearings.

After the US Fish and Wildlife Service releases federal regulatory options, be sure to look for the DNR's proposed waterfowl seasons online August 5th at:

*If you are unable to attend a meeting or hearing, you can also send in your comments to James Christopoulos, assistant migratory game bird ecologist (see below for contact info), before midnight on Thursday, August 8th.
